
Brussels 200W solar glass

Are solar panels free in Brussels?

As the market leader in solar panels in the Brussels-Capital Region, we provide free solar installations for every roof, including 30 years of maintenance! And the energy generated? Completely free for you! Join 10,000 Brussels families and turn your roof into a sustainable energy source. Sign up for free solar panels
How does it work exactly?

Which float glass is best for solar applications?

Arsenic- and antimony-free extra clear float glass for solar applications. SunMax Premium is exclusively produced in a float glass process. The industrial float glass process adheres to very strict production tolerances and guarantees the lowest possible defect density. Read more about some of our recent selected finished success stories.

Is Photovoltaic Glass a good investment?

Photovoltaic glass not only offsets conventional building material costs but also provides a tangible return on investment through energy generation. With an average payback time of 4 years and yearly ROIs of up to 20%, it stands as a sound economic choice.

What is Photovoltaic Glass?

Our photovoltaic glass offers a cutting-edge solution for both new construction and renovation projects. When integrated into ventilated facades, this glass enhances building aesthetics while providing key benefits such as radiation protection, thermal and acoustic insulation, and improved occupant comfort.

No matter which glass type you choose, ensure it's from a reputable manufacturer and meets relevant industry standards. For a Solar Panel Glass Type - 200W system consulting with a ...
