
Canadian Solar System Products

Who is Canadian Solar?

Beginning in 2001 in Ontario, Canada, Canadian Solar quickly rose to the top of the solar market. To date, Canadian Solar has business subsidiaries in 20 different countries, on 6 continents, making them one of the top providers of solar solutions and manufacturers of PV modules, on a global scale.

How does Canadian Solar ensure a safe supply chain?

Canadian Solar closely examines our supply chains to ensure goods imported are not mined, produced or manufactured, wholly or in part, with prohibited forms of labor, i.e., slave, convict, indentured, forced or indentured child labor. Copyright © Canadian Solar. All rights reserved

Is Canadian Solar a good company?

Consistently ranking as one of the top solar panel companies, Canadian Solar is a highly-sought after provider of solar solutions and PV module manufacturer. Canadian Solar has worked hard to obtain massive growth in order to offer sustainable energy solutions to the world. When looking for the ultimate in quality, Canadian Solar is the answer.
