# Construction of Palau solar energy storage project

What is the Palau solar battery project?

The Palau Solar Battery Project will be the largest such project in the Western Pacific. It will lessen Palau's imported fuel dependency, a major step towards its ambitious goal of 100%.

Where is the largest solar-plus-storage project in the western Pacific?

Aerial view of the site. Image: Solar Pacific. The Pacific island country of Palau has welcomed the commissioning of its first large-scale solar-plus-storage project, representing the largest power plant of its kind in the Western Pacific region.

How will solar energy be produced in Palau?

Solar electricity will be produced by a hybrid 15.3 MWdc (13.2 MWac) solar photovoltaic (PV) plus 10.2 MWac/12.9 MWh battery energy storage system facility. Extensive safeguards to protect Palau's pristine environment SPEC did not leave any stone unturned to protect the pristine Palau ecosystem.

What will Palau's solar PV project do?

The project, which is also Palau's first grid-scale solar PV plant, will contribute significantly to the country's nationally self-determined contribution to meeting global climate targets as agreed in the Paris Accord. These include reaching 35% renewable energy, and reducing energy sector emissions to 22% below 2005 levels, by 2025.

DNV has supported Solar Pacific Energy Corporation (SPEC) in a \$29 million solar and storage project in Palau. Our expertise ensured the complicated hybrid solar and battery ...

The project using solar panels and battery storage represents a monumental leap forward in the generation and use of renewable energy. The project utilizes battery storage for storing solar ...

Palau Energy Storage Photovoltaic Engineering Enterprise to support the construction of Palau's first utility-scale solar and battery energy storage facility (the Project). Located on Palau's ...

By: Eoghan Olkeriil Ngirudelsang (edited: 7/14/2025) KOROR, Palau (July 10, 2025) -- Australia has pledged \$16.4 million to support ...

Armonia microgrid being built by ENGIE eps will help Palau be on course to meet 45%-by-2025 renewable energy goal 5 years ahead of schedule.

SMA, in collaboration with Solar Pacific Energy Corporation (SPEC), a subsidiary of Philippines-headquartered renewable energy ...

Palau 13.2 MWac Solar Photovoltaic Plus 12.9 MWh Battery Energy Storage System Project Project Highlights Largest Solar Hybrid Project in the ...

Abstract: Australia, through the Australian Infrastructure Financing Facility for the Pacific (AIFFP), has provided USD22 million in financing to Solar Pacific Pristine Power ...

Palau has welcomed commissioning of solar-plus-storage project, the largest power plant of its kind in the Western Pacific region.

Discover Palau's landmark solar storage project: 15.3 MW solar power & 13.2 MWh BESS, guided by

---

SPEC & DNV on Babeldoab island.

An AIFFP-funded solar power plant and batter storage facility has been officially inaugurated in Palau. The plant, comprised of 15.28 MWp of solar power generation and a ...

By: Eoghan Olkeriil Ngirudelsang (edited: 7/14/2025) KOROR, Palau (July 10, 2025) -- Australia has pledged \$16.4 million to support the next phase of Palau's transition to ...
