
Customized Waterproof Folding Containers for Europe

What is a foldable large container (FLC)?

HIGHLIGHTS The ORBIS Europe BulkPak® brand of foldable large containers (FLC) helps global automotive and industrial companies streamline part shipments across global supply chains. For increased transport efficiency, our FLC containers are stackable and collapsible with a return ratio of up to 1 : 3.

What is a foldable large container?

Foldable large containers (also called: pallet boxes) are large collapsible containers adapted to Standard pallet footprints. They can be manufactured from wood or plastic. As a combination of container and pallet, pallet boxes often have runners. Due to the runners, operators can easily handle the large containers with fork lifts and lift trucks.

Are foldable containers a good idea?

Yes. It's that simple. It's true, all the big shipping lines and shippers have seen the full potential of our foldable containers. Cutting out inefficiency in the supply chain and hitting corporate sustainability goals as well. It's time for you to take responsibility.

What is Orbis Europe bulkpak®?

The ORBIS Europe BulkPak® brand consists of foldable large containers made from plastic. In 1997, the product range was first brought to market in the US as shipping containers for components in automotive and industrial applications. Still today, our heavy-duty bins are successfully used all over the world in a variety of different industries.

P& T Containers offers affordable new and used shipping containers in Europe. Explore 20ft, 40ft, 45ft, and 53ft container options with fast delivery and 24/7 support in Europe.
