# Energy storage equipment maintenance in Türkiye

Where does Türkiye invest in energy storage?

Global energy storage investments have surpassed 150 GWh. Türkiye has already begun installations in Hungary, Bulgaria, and Spain, leveraging its geographic advantage close to Europe. Tokcan highlighted the importance of local expertise in manufacturing, system management, and maintenance to avoid dependency on foreign firms.

How big is Türkiye's energy storage capacity?

Türkiye's 35 GWh storage capacity accounts for grid-scale projects alone. Global energy storage investments have surpassed 150 GWh. Türkiye has already begun installations in Hungary, Bulgaria, and Spain, leveraging its geographic advantage close to Europe.

Can Türkiye become a regional hub for battery technology?

"We believe Türkiye can become a regional hub for battery technology, and our government is committed to making this a reality," Tokcan said. These efforts will position Türkiye as a leader in energy storage innovation, fostering collaboration and supporting renewable energy goals.

Who is Yeo Teknoloji Enerji ve Endüstri?

YEO Teknoloji Enerji ve Endüstri A. S. | We Think It's Possible! It started its operations to provide one-stop research and development, design and engineering, procurement and production, operation and maintenance services in energy storage systems.

Hanwha Energy is a comprehensive energy solutions company whose offerings include LNG, energy storage systems (ESS), renewable energy and cogeneration.

Information about Türkiye's energy sector, with a detailed sector report, including advantages the sector offers to investors.

Through this exhibition, we collaborated with Türkiye's leading power plant and grid operator, Aksa, to showcase our technical and product capabilities in energy storage, enhance ...

Top Energy Storage Companies in Turkey The B2B platform for the best purchasing decision. Identify and compare relevant B2B manufacturers, suppliers and retailers

Detailed info and reviews on 6 top Energy Storage companies and startups in Turkey in 2025. Get the latest updates on their products, jobs, funding, investors, founders and ...

Marine equipment manufacturing plants (MEMPs) are at the centre of the marine industry value chain as they manufacture and supply all products and services for the ...

YEO's unique expertise in power generation, transmission and distribution, together with REAP's advanced Battery Energy Storage System (BESS) in terms of technology, efficiency, ...
