
Gutor Uninterruptible Power Supply

Who manufactures Gutor power supplies?

Gutor power supplies have been part of Schneider Electric since 2007. They specialize in industrial UPS engineering with high performance, compact, pre-engineered 3 phase UPS for light and heavy industrial applications. The world's first true industrial AC Uninterruptible Power Supply (UPS) with PFC rectifier.

What is a Gutor UPS system?

At the center of every project lies a Gutor UPS system recognized worldwide for its reliability, quality, and ability to withstand harsh environments. The Gutor process does not begin and end with the sale. We provide a holistic secure power solution based on your specific application.

What is Gutor Electronic?

Gutor Electronic is a company with more than 45 years' experience providing uninterruptible power supply (UPS) systems for various industries, including oil and gas, petrochemicals, nuclear, power generation, mining, transport, desalination, and chemical industries. Gutor is part of Schneider Electric since 2007.

What is Gutor PXP?

The Gutor PXP is an online double conversion UPS system that offers 5-160 kVA high performance and compact UPS power protection for heavy industrial applications and harsh environments. Product layout from 5 kVA to 160 kVA Gutor PXP is the right choice for applications where less distortion to upstream networks is important.

Gutor Electronic has more than 45 years' experience providing uninterruptible power supply (UPS) systems for the oil and gas, petrochemicals, nuclear, power generation, mining, ...

Gutor UPS systems are designed to deliver secure power in the most demanding industrial environments, such as Nuclear Power ...

At the center of every project lies a Gutor UPS system recognized worldwide for its reliability, quality, and ability to withstand harsh environments. The Gutor process does not ...

Product Description: GUPXCUPS - Gutor PXC Industrial UPS | Schneider Electric Hong Kong, China.

Gutor UPS systems are designed to deliver secure power in the most demanding industrial environments, such as Nuclear Power Generation, Gas, Oil, Power & Grid, Mining, ...

The GUTOR 0P6272B is a high-reliability industrial UPS (Uninterruptible Power Supply) module designed for critical power backup in manufacturing, data centers, and energy ...

Gutor Electronic has more than 45 years' experience providing uninterruptible power supply (UPS) systems for the oil and gas, ...

GUTOR UPS 1.EPS emergency power supply passed the inspection of the People's Republic of China National Fire Electronic Product Quality Supervision and Inspection Center. 2.EPS ...

Gutor SDC Gutor SDC is an industrial battery charger and DC power supply system with a thyristor-controlled rectifier designed to secure critical ...

Gutor SDC Gutor SDC is an industrial battery charger and DC power supply system with a thyristor-controlled rectifier designed to secure critical industrial applications in harsh ...

The GUTOR 0C0948 is an advanced uninterruptible power supply (UPS) module specifically designed for industrial environments where uninterrupted power is crucial. Known ...
