
Huawei produces solar panels in Montevideo

Is Brazil a solar power producer?

It is now one of the world's largest solar power producers. In 1997, Brazil's National Energy Policy Act outlined an overall framework for promoting renewables and encouraged the development of clean energy, including solar energy.

Which companies are partnering with Huawei?

For example, Bel Energy, a leading player in Brazil's PV equipment distribution market, has formed a strong partnership with Huawei, known for its innovative PV solutions. Connectoway, which was previously Huawei's solution partner in the telecom industry, now collaborates with Huawei in the solar PV business.

Does connectoway work with Huawei?

Connectoway, which was previously Huawei's solution partner in the telecom industry, now collaborates with Huawei in the solar PV business. Previously, Bel Micro's primary business involved selling computer hardware and software. Collaboration with Huawei enabled Bel Micro to enter the energy field and provide solar PV products for customers.
