MK Containers can become your one-stop shop for container homes in Malaysia. With our help, you can get shipping container homes that are truly unique and very creative. The container homes are completely legal in Malaysia. They have become a very popular choice among people. It is very easy to transport container homes from one place to another.

Why should you buy a container house in Malaysia?

Cost effective- The container houses in Malaysia are cost-effective. There is no need to arrange raw material like cement, bricks and steel. The container is a ready-made structure that needs to be modified slightly. After purchasing the container house, you can use your DIY skills for further renovation.

What is a folding container?

A folding container is a resin-made box that can be compactly folded when not in use. Folding reduces the size to about 1/3 to 1/4, so can be stored compactly during storage and transportation. In addition, containers can be folded and assembled easily and quickly, and can be stacked in both folded and assembled states.
