
Nigerian Folding Container Mobile Type for Catering Industry

What is a container office?

Our container offices are made with durable, high-quality materials that meet national standards. Container buildings are demounted structures suitable for different usage purposes, which is one of the modular building systems products. They are produced in a short time in a factory environment ready for turnkey use.

What are container use areas?

Some of the container usage areas are as follows. They can be used as container house, summer house, winter house, vineyard and highland house for the lands. Also modular container buildings can be used in container villa design and production for more luxurious living spaces.

What is a sanitary container?

Specializing in temporary and permanent structures, we bring your idea to life. Sanitary containers (Wc containers and Shower containers) are sandwich panel modules used in all construction sites and especially in the living bases of companies operating in the construction and mining sectors.

What are office container structures?

Office container structures are also preferred as ticket sales kiosks, bread sales kiosks, security cabinets, management offices, taxi station structures or commercial container buildings with the advantages they have in many areas such as mukhtar structures.
