
No 9 Outdoor Power Camping

Do portable power stations make camping better?

A good portable power station makes camping better. These devices power lights, phones, and small appliances when you're outdoors. We spent three months testing power stations to find the best portable power stations for camping. We tested 30 portable power stations over 12 camping trips.

Do you need a power station for camping?

In the case of camping, you should bring a power station with at least 200W of output rating, which can provide power for your phone chargers, lights, and some basic appliances. Warranty You won't be using the power station every day, so you should get a warranty duration long enough so you can use it before it expires.

How much power do I need for camping?

Choose 88-150Wh capacity for weekend trips or 230Wh+ for longer camping adventures based on your power needs. Look for multiple output ports (AC, USB, USB-C) to charge several devices simultaneously during outdoor activities.
