Are SunPower solar panels made in France?

In its second decade of service, SunPower has consistently strived for innovation, delivering a diverse range of solar panels made in France. These include their signature Maxeon® and Performance series panels, recognized for their top-tier efficiency and robust design.

Where are our solar panels made?

Since 2010, we have developed our solar innovations at our R&D center in Marseille, France. Not all our panels are produced in France (yet). We select the world's best factories based on strict environmental and social criteria. Our panels are certified low-carbon. It's the least we can do.

What are the key factors affecting the solar panel industry in France?

When exploring the solar panel industry in France, several key considerations emerge. The regulatory framework is crucial, with the French government promoting renewable energy through incentives like feed-in tariffs and subsidies for solar installations.
