# Qatar Intelligent Uninterruptible Power Supply Purchase

What is uninterrupted power supply (UPS)?

QSP's Uninterruptible Power Supply (UPS) helps your enterprise enjoy uninterrupted power supply in instances of power cuts, a complete outage, or mains failure. In today's world where continuous power supply is vital for the successful functioning of any organization,

What is the supply voltage in Qatar?

In Qatar the supply voltage is 240V. If the appliance is a single voltage rated appliance, it will need to operate at the same voltage as the supply voltage of the country i.e. 240V. If this is not the case it should be used alongside a voltage transformer or converter to allow the appliance to work safely and properly.

Why should you choose QSP for power supply?

QSP offers tailor-made solutions that ensure uninterrupted power supply anywhere, anytime, setting new standards in the power protection industry. Their emergency and backup power supply systems are remarkable and modern, always ensuring total life safety.
