Is TCL SunPower launching new solar panels at Intersolar Europe 2025?

(Via) TCL SunPower debuts new solar panels and storage solutions at Intersolar Europe 2025, with EU availability set for the second half of the year.

What is TCL & SunPower?

The launch reflects the combined strengths of TCL's large-scale manufacturing and SunPower's solar innovation, offering a wide range of energy solutions tailored for homes, businesses, and large-scale installations. Leading the lineup is the SunPower Home Energy Storage system.

What are TCL solar panels?

In addition to the M Class, a new range of TCL Solar panels is being introduced using both back-contact and TOPCon technologies. These panels are constructed with a glass-glass design and come with extended warranties, offering a cost-effective and dependable solution for a wide range of installations.

What is TCL SunPower M class solar?

The system also integrates with other TCL smart appliances like heat pumps and is fully controllable via the updated SunPower app, offering users more flexibility and insight into their energy usage. TCL SunPower is also introducing the M Class solar panel series, featuring the company's latest generation of back-contact technology.
