# Which stores usually sell mobile outdoor power supplies

Do portable power stations make camping better?

A good portable power station makes camping better. These devices power lights, phones, and small appliances when you're outdoors. We spent three months testing power stations to find the best portable power stations for camping. We tested 30 portable power stations over 12 camping trips.

Why should you buy a portable power station?

The small premium for quality pays dividends through consistent performance and durability. With the right portable power station for your specific camping needs, you'll enjoy enhanced comfort, better device reliability, and the freedom to explore further without sacrificing modern conveniences. Happy camping!

What is the best portable power station?

By far the most portable power station in our guide, the EcoFlow River 2 Pro weighs just 17 pounds and has a large handle along the back. The LiFePO4 battery inside is good for 768 watt-hours, and I managed to squeeze a little more out of it in my tests. The ports are great for camping trips, with everything you need to charge small gadgets.

Which solar power station is best for camping?
