# Xiaomi Outdoor Power Bank

Do Xiaomi power banks work?

What I've loved about Xiaomi power banks is that they support passthrough charging, which means that you can plug it in, plug your devices into it and it will charge those up before charging itself. That means that you can plug it in overnight, plug in your phone and both should (hopefully) be charged in the morning - all from one charger.

What is a Xiaomi power bank 3?

Xiaomi is a company known for producing just about everything in their Mi ecosystem, and power banks are no exception. The company has made them for a while, and the Xiaomi Mi Power Bank 3 is their latest product. What makes this product stand out is its bang for the buck (as is typical with Xiaomi products).

Where can I buy Xiaomi products?

Welcome to Xiaomi global official website to buy your favorite products. Here you can buy the latest Xiaomi smartphones, Redmi smartphones, Mi Bands, Power banks and other popular products, as well as various irregular discounts, all on [mi.com/global](https://mi.com/global).

What makes the mi power bank 50W 20000 mAh so good?

Peace of mind for your everyday charging with multiple circuit protections. Improved feel with upgraded design and craftsmanship With UV paint treatment, the integrated cover of the Mi Power Bank 50W 20000 mAh is smooth to the touch. With ceramic-like gloss used for both the top and bottom, the power bank glistens like fine jade.
